# How to set up your Troop Link

On the home screen in Digital Cookies, you will see this box in the left hand corner. Click Set up your site.

It will have you set up a site similar to how a girl sets up her site. Hit Activate.

I would use your troop number or a troop nickname.

Hit Access Site. It will have you continue to set it the site up like you would a girl's site. It will have you put a goal and do a story (what the troop plans to do with cookie proceeds and what they learn from the Cookie Program). Once Saved, you can click publish site.

## Digital Cookie Registration

Troop2999 was successfully registered.

Register your Girl Scout to participate in Digital Cookie. She'll get access to the Digital Cookie Platform where each Girl Scout can set up her cookie site and goals, manage orders and learn marketing business skills.

Girls 13 and older can add their own email address. This allows them to manage details for their cookie site.

ACCESS SITE

When you go back to the home screen, you will now see this in the top left corner. You can share that link. Orders placed through the troop link will stay at the troop level and need to be divided between the girls in the troop.
