

2021 Gold Award Girl Scouts

Reagan Butler

Reagan organized a local book drive in-person and virtually for families struggling during COVID-19. Reagan provided resources to children virtually at a time when libraries and schools were closed. For her book drive she wrote encouraging messages in over 400 books to distribute to the YREAD program at the Boys and Girls Club of Evansville. On her website, she provided parents access to educational materials and activities to have during the COVID-19 shut down.

Jocelyn Payne

Jocelyn created a sustainable mask-making project to eliminate the spread of COVID-19 in the local theaters so that performances could still occur in the community. Jocelyn created a how-to, demonstrational video that spread across Facebook and Tiktok to teach others how to make face coverings and also distributed hundreds of masks to local theatrical productions across the Evansville. She also organized in-person workshops to teach other Girl Scouts how to sew face masks so they could create masks on a larger scale.
